Summits in Cumming was delighted to welcome Greg LeMond, 3 Time Tour de France Champion! Of course no event would be complete without sampling a few of the more interesting Belgians.

Thanks Greg and everyone who came to cheer on the Tour de Georgia!

Cooking With Beer

Paul's Salsa Recipe

Ingredients:

- 5 large tomatoes diced
- 1/2 Cup of beer
- 2 tbns each of light oil and dark vinegar
- 1 tspn of salt
- 1 tspn black pepper
- 1 fine chopped jalapeno pepper
- 1 diced medium onion
- 1 diced medium green pepper
- lots of fine chopped garlic, to taste
- half cup of fine chopped cilantro

Optional ingredients:

- avocado chopped
- more jalapeno peppers for heat.

Directions:

Mix Beer, vinegar, oil, salt and pepper in a bowl. Dice Tomatoes and place in bowl. Clean hands and dry. Mash tomatoes with hands felling for and softening large tomato diced pieces. This also mixes the base of your entire salsa. As items are diced mix into bowl. Add Crystal Louisiana Hot Sause, or your favorite hot sauce to make it hotter. Let sit in bowl covered for several hots so that flavors marry, serve with chips, marinate chicken or add corn and serve warm over grilled chicken. Not sure, all fresh, shelf life about a week, vinegar helps preserve.

I've never had any complaints, enjoy! For more of a puree blend ingredients. I prefer chunky!

Spotlight on Food

Bleu Fries

Didn't get enough garlic last month? Try our Bleu Fries. They are one of our personal favorites, so we keep them year 'round!

A generous portion of garlic coated French fries smothered with our homemade bleu cheese dressing. As if this wasn't enough...The fries are then topped with bleu cheese crumbles, parsley, roasted red peppers, and our own Summit Seasoning.

Did You Know?

Beer is mixed with saliva and blood for a drink that is shared when two Chagga men become blood brothers.

The national anthem of the US, the "Star-Spangled Banner," was written to the tune of a drinking song.

Beer was not sold in bottles until 1850; it was not sold in cans until 1935.

In the 1600's thermometers were filled with brandy instead of mercury.
