## A View from the Summit

### The Frisbee...

Dawn - Manager

It's 8:00 a.m. on a cold, misty morning. What do you do? Stay in bed, if you don't have to get up and go to work. That would be the typical answer from most the people that I know. There are some of us people that go out into those conditions and play disc golf. Now you're wondering.....

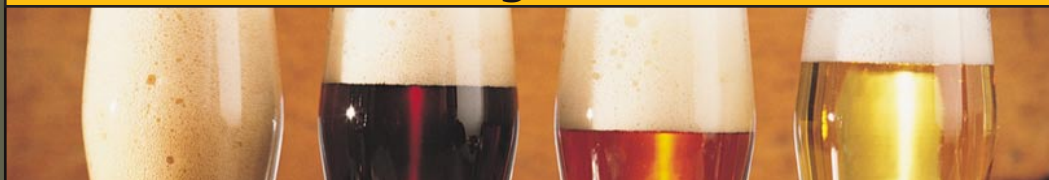

First, what is disc golf?? Then you wonder why on earth someone would go out in the rain and cold to do whatever it is.

That's my typical day off. Though I'm not very good at it I enjoy taking my day off and starting it with a good round of throwing a Frisbee into a chained net, or "pole hole" as some may call it. Disc golf is a twist to regular golf. Instead of hitting a ball toward a small hole you toss a Frisbee into a chained net. Sounds corny I'm sure. Before I first played I laughed at the guys that did it on a regular basis. A Frisbee... are you kidding me? Boy, was I wrong! The first time I played, I tried to throw the disc down the fairway. I mean, how hard is it to hit something that you can see clearly from where you stand?? The disc barely made it a third of the way down and then made a hard left. Alright, maybe I just messed up. So go over to the disc to throw again..... same thing!

For those of you that don't know the game, it's something that can be played by yourself or with a group. You can find courses at some recreational parks. Luckily for me, the park in my town has one. It's a smaller version of a golf course with hills, trees and obstacles. It takes skill to maneuver a disc through some of the trees on the course where I live. Something I have very little of. The discs that you play with are not your normal Frisbee. They are weighted differently and are shaped differently around the edges. Again, just like in golf, you have a driver and even putters. You also have mid (...continued on page 2)

## "The Frisbee" (cont. from page 1)

range discs that help you out once you get into the fairway.

Just like with any sport, there are tournaments and fundraisers. The PDGA (Pro Disc Golf Association) has had benefits to raise money for causes. Recently they held a tournament to help hurricane Katrina victims through the American Red Cross. In these tournaments you can become a ranked player among the others in the U.S. At this time I would like to say my hi's to members #27827, #27960 and #27768! All of with are ranked, maybe not high up but give them time!

Since the first course was constructed at Oak Grove Park in California, it has been estimated that 7-10 million people have played disc golf at least once. What's amazing is that 5 million people regularly play it. Even those of us that are not good at it! Maybe it has something to do with the fact that a lot of people play to be out in the open, out in nature, with their family and friends. Not to mention it is a good source of exercise and brings along a challenge! So with that being said.... Are you one of those 7-10 million??? And if not, why?

## Cooking With Beer

### Apple Beignets Recipe

#### Ingredients

4 small apples, peeled, cored & sliced 1/2" thick  
2 tablespoons sugar  
1/4 cup Calvados, plus 2 tablespoons  
1 cup flour, sifted  
1/4 teaspoon salt  
1/4-ounce yeast  
3/8 cup flat beer  
3/8 cup apple juice  
1 tablespoon olive oil  
Half an egg white, stiffly beaten  
Oil for deep frying  
Confectioners' sugar for dredging  
1 pound canned apricot halves  
1/4 cup butter  
1/4 teaspoon cinnamon  
1/4 cup Slivovitz (see note)  
Grated rind of half an orange  
3/8 cup cream  
1 egg yolk

#### Instructions

Place apple slices in a bowl. Sprinkle with sugar and 1/4 cup Calvados and allow to macerate 15 minutes. Make batter by placing sifted flour and salt into a warm bowl. Make a well in the center of the flour. Add the yeast, beer, apple juice and olive oil. Combine to form a smooth batter. Cover the bowl and allow the mixture to stand 4 hours. After this period add a little more beer if necessary and fold in the half egg white stiffly beaten.

Heat oil for deep frying. Place macerated apple slices into a small frying basket and then place this basket into the batter. Allow all the apple slices to become well coated in the batter. Drain and then place into the hot oil. Fry the beignets for 3 minutes, or until batter is crisp and golden, drain and dredge in confectioner's sugar and serve accompanied by the apricot sauce.

#### Apricot Sauce:

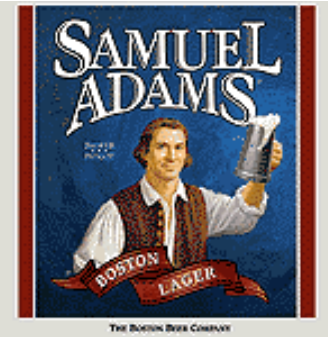

Place apricots into a pan on high heat. Add the butter and allow to melt. Flavor with cinnamon. Pour in Slivovitz and light. When flames have almost died down, add the remaining 2 tablespoons Calvados. Add the grated rind of half an orange, and then stir in the cream. Puree in blender and then pour mixture back into the pan and heat. Whisk in the egg yolk and then place sauce into sauceboat. Serve.

Yield: 4 servings Note: Slivovitz is a dry, colorless, slightly bitter plum brandy.

## Beer Geek

Samuel Adams Boston Lager® is the best example of the fundamental characteristics of a great beer, offering a full, rich flavor that is both balanced and complex. It is brewed using a decoction mash, a time consuming, traditional four vessel brewing process discarded by many contemporary brewers.

This process brings forth a rich sweetness from the malt that makes it well worth the effort. Samuel Adams Boston Lager® also uses only the finest of ingredients including two row barley, as well as German Noble aroma hops. The exclusive use of two row barley not only imparts a full, smooth body but also gives the beer a wide spectrum of malt flavor ranging from slightly sweet to caramel to slightly roasted.

The Noble hops varieties, Hallertau Mittelfruh and Tettang Tettanager, add a wide range of floral, piney and citrus notes, which are present from the aroma, through the flavor, to the lingering smooth finish.

We take great pride in the Noble hops used in our beers. They are hand selected by Jim Koch and our other brewers from the world's oldest hops growing area. Among the world's most expensive, they cost twenty times as much as other hops.
