What's Up At the Summit?

The Roundup for January!

Monday: Randall Mondays!

Every Monday we hook "Randall" up to a different beer line and filter it through various hops for a truly unique beer experience! What is a "Randall"? A "Randall" is a filtering device that allows beer poured fresh from the tap to filter and steep through fresh whole leaf hops. The result is a super hop charged brew! The process is called "dry hopping" and you'll have the chance to experience a different dry-hopped beer every Monday.

(Randalls will begin at Woodstock this Spring.... We're anxiously awaiting our new Randall!) Consult the e-zine each week for a listing of the Randall for the day!

CHILI COOKOFF!!!

It just figures. We're living in Georgia during a drought and the day of the chili cookoff it's going to rain. The forecast calls for 70% chance of thunderstorms, might not be the best thing being out side under tents with large metal pots. Call me crazy.

So I was think of pushing it back one week, until Jan. 4. But I want to make sure everyone can still make it. So let me know which day works for you all and we'll get it set up...

I still hope you all come out for the last Redskins game. Game starts at 4:00. We're playing San Fran. We need to end the season on a good note, both on the field and in the bar.

See you all at the Summit. -Tiny

Beer Spotlight

Allagash White

Portland, Maine

A traditional Belgian wheat beer, this is unique and truly refreshing. Brewed with a generous portion of wheat and our own special blend of spices, this beer is light and slightly cloudy in appearance, with a spicy aroma.

Beer Geek

After consuming a bucket or two of vibrant brew they called aul, or ale, the Vikings would head fearlessly into battle often without armor or even shirts. In fact, the term "berserk" means "bear shirt" in Norse, and eventually took on the meaning of their wild battles.
